

**Name: Thomas W. Magnor**

**Resident of:** Village of Elm Grove

**Shares home with:** I share my home with my wife Chelsea. We have three children (Henry, Alice, and Clara). We also have 2 pets, Lucy (10-year-old chocolate lab) and Etta (1-year-old black lab from HAWS).

**Occupation/Professional Experience/Education:**

I am a CPA working in public accounting for the past 12 years. I attended University of Wisconsin Whitewater where I received a bachelor's in business administration and my Master of Public Accountancy.

**Outside Interests/Activities:**

Outside of work and HAWS, I enjoy spending time with my family and friends. When we have a break from kid-related activities, I enjoy getting our boat on the water. I love to take advantage of what lake county lakes have to offer - tubing, swimming, and hanging out at a sandbar!

**Number of years involved with HAWS/what capacity:**

I have served on the board as the Treasurer for the past 3 years. Prior to that I spent several years as a volunteer on the finance committee.

**Reason for serving:**

Five years ago, or so, I was looking for an opportunity to give back to the community and I felt that HAWS lined up with my values. While the focus is on the care, adoption, and welfare of animals, what I most enjoy about HAWS is the mission of teaching humane education – focusing on instilling compassion and empathy in youth. I enjoy that HAWS' mission ties together the next generation along with the welfare of animals. I am also excited to see what the next step looks like for HAWS as it continues to grow both in our Waukesha location and through the addition of the Schallock Center. The future at HAWS very is exciting!
