WINGS OF RESCUE

Wings of Rescue is a donation-based charity flying large-scale transports of at-risk shelter pets from overcrowded shelters and disaster areas to shelters where there is empty kennel space and where no local shelter pets are displaced by the flights. Founded in 2012, Wings of Rescue utilizes volunteer pilots flying rescue missions in their own planes as well as chartered cargo planes to "Let the Fur Fly." Since its inception, more than 50,000 pets have flown to safety. To donate, please visit Wings of Rescue and [Facebook](#).
